## PROJECTS

### • Portfolio

- **Project Type:** Web Development (ReactJS)
- **Related Organization:** Personal Project
- **Time Period:** Aug 2024 – Sep 2024
- Designed and developed a responsive personal portfolio website using React to showcase projects, skills, and experience.
- Implemented a single-page application (SPA) with smooth navigation and a modern user interface.
- Utilized React components for reusable UI elements and maintained clean, modular code.

### • ToDo List

- **Project Type:** Web Development (ReactJS)
- **Related Organization:** Personal Project
- **Time Period:** Feb 2025
- Built a responsive to-do list application using React.js with functional components and hooks.
- Implemented features like adding, editing, deleting, and marking tasks as complete.
- Utilized React state management for real-time task updates.
- Stored tasks in local storage to retain data across sessions.

### • Tic-Tac-Toe

- **Project Type:** Game Development (HTML, CSS, JavaScript)
- **Related Organization:** Personal Project
- **Time Period:** Jan 2024 – Feb 2024
- Developed a Tic-Tac-Toe game using HTML, CSS, and JavaScript with a clean and intuitive UI.
- Designed a responsive layout using CSS to ensure compatibility across devices.
- Deployed the project using GitHub Pages for online access.
